- Reviewed professional development survey results at Summit (158 responses from just before and after the 2017 conference.).
- Built a support document for librarians facing challenged or eliminated positions, including contacts, checklists, and web tools.
- Welcomed several new members into the committee, updated database of full member list.
- Building up content to share out through Schoology or social media avenues.
- Edited and reviewed the pages on the new PSLA site relating to T&L.
- Seeking replacements for co-chair positions for Lit Review Committee.
- Began the planning process to apply for a grant to share the new AASL standards with our PSLA members in the coming year.

Looking forward to sharing more over the upcoming year.
